UPTE-CWA 9119

We deserve a say in our future!

Let's work together to protect our retirement, benefits, wages and our jobs! UC and its new partners in LANS, LLC are making decisions that will change our entire careers at the Laboratory.

►We don't know how long the new pension plan will hold up.
►LANS, LLC insists that our jobs are "at will" and that we can be released at any time, with or without justification.
►They are insisting that new employees have no access and make no contributions to our current retirement plan.
►We do not know how all these changes will impact safety, scientific quality, and concerns about retribution for speaking up.

By forming a union, we will have a seat at the table to determine our future. Therefore, I want UPTE-CWA Local 9119 to be my union for the purpose of negotiating wages, hours and working conditions.
