

Resolution in support of scene techs.

Resolution \_\_\_\_\_

Whereas the language in the TX contract regarding the use of Per Diem employees is so broad that it allows the University to interpret the contract in a way that clearly violates the spirit of agreement.

Let it be resolved that the UPTe bargaining team and local eboards will work together with scene techs to better define the use of per diem employer practices and acknowledge the concerns of scene techs in the bargaining process.

Endorsed by Berkeley local 1 and Wendi Felson, experienced former bargaining team member.
