

Whereas our members at UC are in a contract struggle whose outcome will determine the health of our union for the foreseeable future

Whereas striking is our most powerful weapon in that struggle

Whereas the cost of communications, transportation, and supplying our members with shirts, shade, sustenance, and other swag and supplies on the picket line can be nearly as high as paying strike gifts

Whereas our mobilizing fund has been depleted but our strike fund still contains ~~*~~\$764,000.

Let it thereby be resolved that the delegates of this convention allocate \$350,000 of the current strike fund to the mobilizing fund, the use of which will be overseen by the Systemwide Eboard.
