

April 2017 SPSE-UPTE Monthly Memo

UPTE officially and enthusiastically supports the nationwide MARCH FOR SCIENCE!

Scientists and science enthusiasts around the world will take to the streets to March for Science on **Saturday, April 22nd, 2017**.

The March for Science champions robustly funded and publicly communicated science as a pillar of human freedom and prosperity. We unite as a diverse, nonpartisan group to call for science that upholds the common good and for political leaders and policymakers to enact evidence-based policies in the public interest.

In support of this international demonstration, Livermore will be hosting a satellite march at Livermore High School on Saturday, April 22nd, 2017 from 1:00 PM-4:00 PM. The March for Science Livermore will host a diverse group of science enthusiasts from the Tri-Valley Area and beyond. This family-friendly event will begin with a rally featuring several prominent leaders in Science, Technology, Engineering and Math. The rally will be followed by a mile-long march. The march route is shown at www.marchforsciencelivermore.com. The demonstration will culminate in a science fair-style expo, with hands-on science activities for all ages. There are multiple ways to get involved. The march organizers are currently searching for community members and organizations who would like to host a booth at the Science Fair.
